Which Brain? — 115 фраз для записи (ещё 5 «ТВ» делаю я)

Как записывать. Диктофон на телефоне, одна длинная запись на каждый раздел. Читай фразы по порядку, между ними пауза 2 секунды — дальше я сама разрежу по паузам. Номер вслух не говори.

Кухня как обычно: можно, чтобы работала вытяжка или текла вода, — так честнее. Ошиблась — просто повтори фразу после паузы.

Голоса «ТВ и радио» (5 фраз) делаю я синтезом, их не читаешь.
